## WELCOME TO OZFORKS

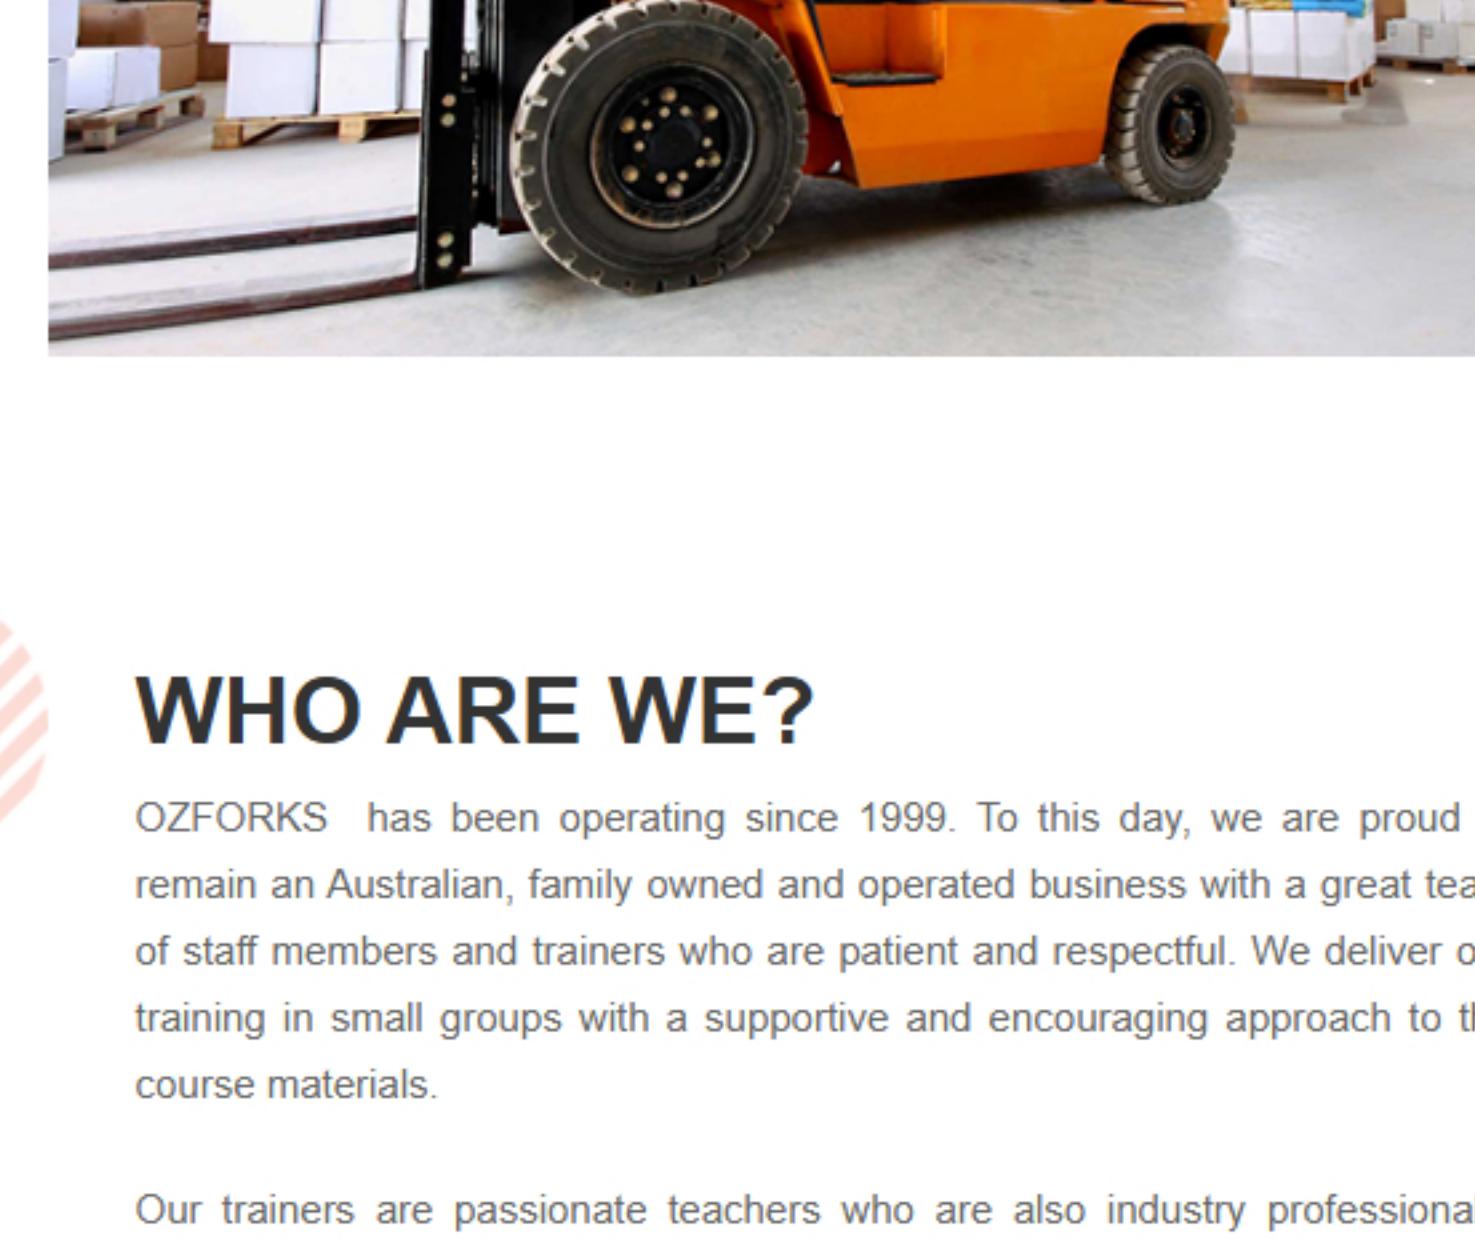

When it comes to forklift training and licensing, OZFORKS is the number one choice as we have delivered workplace training and licence testing across all types of industries in Victoria wide since 1999.

Our trainers/assessors are professional, flexible, approachable and have decades of experience ready to share with you.

Over the years, we have successfully trained and licensed thousands of students from all types of industries and we look forward to sharing our expertise with you.

Our trainers & assessors are RTO affiliated and Vic Worksafe approved to deliver forklift courses across Victoria.

Trainers & Assessors are fully insured with \$10000000 public liability & indemnity insurance

## WHO ARE WE?

OZFORKS has been operating since 1999. To this day, we are proud to remain an Australian, family owned and operated business with a great team of staff members and trainers who are patient and respectful. We deliver our training in small groups with a supportive and encouraging approach to the course materials.

Our trainers are passionate teachers who are also industry professionals.

They enjoy sharing the knowledge they've gained from decades of industry experience. We like to ensure that by the time students have passed their course, they have gained a solid and safe basis, on which they can confidently continue their career in their chosen industry.

At OZFORKS, we pay close attention to ensuring that all our courses are delivered in accordance to the updated occupational health and safety standards. We revise our course materials to ensure they are always relevant to industry practice and expectations. Our training services are WorkSafe approved and RTO (Registered Training Organisation) affiliated. We are proud of the high standard of training we deliver.

Simply put, we offer the best workplace forklift training service in Victoria.
