### REVIEWS

## Testimonials

★★★★★

We've had URIMAT urinals for 6 months. They provided a cost-effective update to our 17-year-old units, avoiding expensive renovations. No more leaking, easier to maintain, and save water. I highly recommend URIMAT waterless urinals.

Jim Longbottom  
Executive Minister

★★★★★

Thank you for recommending Urimat. We have areas been since clean and odour-free. We would gladly welcome a quotation for future installations. Look forward to working with you.

Adrian Gastecki

★★★★★

In 2005, we began shifting to waterless urinal systems. After trialed Urimat, Urimat proved effective—no odours, less cleaning, minimal maintenance. Our first, Woodside Energy Ltd, was installed in November 2006. 91 urinals were installed. We fully recommend Urimat.
