## About Us

## Meet the Owner

My name is Shannon Blancas and I am a mother of 7 kids in total and 3 grandchildren and 1 on the way. We are a mixed family with birth children, step children and our adopted son. We fell in love with helping our local foster communities in 2017. After closing our State Foster License in 2021 on the day of our youngest son's adoption, we recently made the decision to get back into working with children but in a different way opening a licensed Daycare in our home in my home town Arlington Washington. We would love to have you be a part of our daycare family where we can help keep you at peace of mind while your kiddos are enjoying their day with us and other children their age.

## Healthy Menu

We provide the children who attend a healthy variety of foods and encourage them to try healthy choices that they will enjoy! We follow the USDA Food Program Guidelines. All meals included.
