Root Canal Treatments

Root canal therapy in Melbourne CBD can relieve you of a painful toothache and, more importantly, also save your tooth. There was a time when a tooth with an infected nerve meant you had to lose that tooth.

Periodontal Work

Gums are an important part of oral health. The supportive structures around the actual teeth hold the teeth in position and form the foundation for good oral health.

Our mouths are home to bacteria. These bacteria, mucus and other particles constantly form a sticky, colourless "plaque" on teeth.

Wisdom Teeth

Wisdom teeth may need to be extracted if they affect other teeth – often referred to as "coming in sideways" or "impacted wisdom teeth".

Wisdom teeth begin to appear in adults in their late teens and early twenties, and sometimes even in their thirties.

ABOUT US

The Art De Dente Difference

At Art De Dente, we understand that a visit to the dentist can make most people uncomfortable.

We've taken great care in creating a warm and welcoming space for our patients.

As you wait for your treatment, take a moment to relax in our calming, spacious environment, we like to call it our dental spa Melbourne experience.
