Our Appliance Repair Services in Brisbane

We cover almost every major home and commercial appliance. Whether it's in your kitchen, laundry, or business premises, our team has the skills and tools to get it working again.

Refrigeration Repairs

A faulty fridge or freezer can lead to spoiled food, wasted stock, and unexpected costs. Our **refrigeration repairs service** covers domestic and light commercial fridges and freezers, including upright units, bar fridges, and display cabinets.

Common issues we fix include:

- Fridges not cooling properly
- Leaks or pooling water
- Strange noises or vibrations
- Temperature inconsistencies

We're also specialists in commercial fridge repairs in Brisbane, helping cafes, restaurants, and retail businesses keep their cool. We work with all major brands and service the wider Brisbane area, offering same-day appointments.

Washing Machine Repairs

Washing machines are used extensively in households, and when they fail, laundry piles up fast. We repair all makes and models, including front-load, top-load, and **commercial washers** from leading brands such as Whirlpool, Electrolux, **Bosch**, Samsung, LG, and more.

Some of the common washing machine problems we resolve include:

- Power issues and failure to start
- Leaking hoses or internal components
- Loud or unbalanced drum movements
- Blocked drains and faulty pumps

Our team doesn't just fix the issue; we help prevent future breakdowns by using genuine replacement parts. If you've been searching for home appliance repair near me, we're the team you can trust to keep your laundry running smoothly.

Dishwasher Repairs

A dishwasher breakdown is more than just inconvenient; it can bring your kitchen to a standstill. We service all models and are particularly skilled at specialist Bosch and Miele repairs.

We fix common dishwasher issues such as:

- Incomplete or failed wash cycles
- Cloudy or unclean glassware after washing
- Persistent leaks or water pooling inside

Our expertise covers Miele, Bosch, Electrolux, Whirlpool, and many other brands. Whether your **dishwasher** needs a simple part replacement or more complex troubleshooting, we'll have it running like new.

Oven & Cooktop Repairs

When your oven stops heating evenly or your cooktop won't power up, cooking becomes a nightmare. Our technicians provide **expert repairs** for electric, ceramic, and induction cooktops, as well as servicing for built-in and standalone ovens.

Common issues we fix include:

- Heating problems or uneven cooking
- Faulty thermostat or control panel

- Faulty thermostats or control panels
- Damaged or ineffective door seals
- PCB (circuit board) faults

We work with top brands like Smeg, Miele, Bosch, and Westinghouse. Whether it's a simple element replacement or a full system diagnosis, we'll get your kitchen back in working order.

Air Conditioning & HVAC Repairs

Stay comfortable all year round with our air conditioning and HVAC services. We handle **split system repairs**, **installations**, and **deep cleans** to ensure maximum efficiency and healthy indoor air quality.

If your system isn't cooling, smells odd, or is running inefficiently, we'll quickly diagnose and fix the issue. Regular servicing can also extend the life of your unit and keep your energy bills in check.

We're On Call 24/7 to React Promptly to Your Service Needs,
Don't Hesitate to Call.
